CEO Note

Dear Supporters and Friends,

As we step into the new educational year, I am thrilled to share some exciting updates and accomplishments with you.

Enrollment and Re-Enrollment: This year, our enrollment numbers are heartening. We have not only welcomed a new batch of students but also successfully re-enrolled children who had previously dropped out. Our mission to provide quality education to every child continues to drive us, and seeing these young minds ready to embark on their educational journey is truly inspiring.

Exposure Visits: The new academic year also brings with it the joy of learning beyond the classroom. Our exposure visits are designed to give students practical insights and experiences that enrich their education. These trips are integral to broadening their horizons and sparking curiosity about the world around them.

Back to School Campaign: A heartfelt thank you goes out to all our generous donors for making our Back to School campaign a resounding success. Your contributions have enabled us to provide essential school supplies, including stationery, uniforms, and school kits, ensuring that every child is well-prepared and confident as they return to school.

Swayam Children Admission and Career Guidance: We are proud to announce the successful admission process for Swayam children. Additionally, our career guidance sessions have been instrumental in helping these students make informed choices about their future paths. It is incredibly rewarding to see them set their sights on careers that align with their passions and strengths.

Thank you for your continued support and dedication. Together, we are making a significant impact on the lives of these children, paving the way for a brighter future.
