SUMMER CAMP MAY - 2026 HIGHLIGHTS MUMBAI

For many children in underserved communities, summer often means isolation, child labour, or drifting away from education. At Sparsha, we transformed the summer break into an opportunity to **reconnect children with learning**. Through our Summer Camp, children explored, played, learned, and built friendships, while our team identified children at risk of dropping out. Alongside engaging activities, we conducted home visits, counseled parents, and encouraged families to ensure every child returned to school with confidence. Because every game played, every conversation held, and **every home visited was one step towards keeping a child in school**.
