MONTH- SEPTEMBER 2026

September brought many moments of learning, discovery, celebration, and growth at Sparsha. From children learning new concepts and digital skills to health camps and community awareness sessions, every activity created an opportunity to learn and grow. Teachers' Day, Janmashtami, and other festive celebrations added moments of joy, creativity, gratitude, and togetherness. Here's a glimpse of the moments, milestones, and impact that made September special.

"This Teachers' Day, our students discovered that teaching is also a way of learning."

PROGRAM HIGHLIGHTS

SHIKSHA PROGRAM

- **Learning with Letters:** Children explored capital and small letters, strengthening their early literacy skills.
- **Learning to Care:** A story on sharing and caring helped children develop kindness, empathy, and positive social values.
- **Learning from Everyday Life:** Vegetable-identification activities built vocabulary, observation, and recognition skills.
- **Celebrating Together:** Janmashtami brought children together to explore culture and traditions through joyful participation.

SANSKAR PROGRAM

- **English Skills:** Subject-predicate and group reading strengthened language and communication skills.
- **Math:** Greater-than and less-than activities developed logical thinking.
- **World Awareness:** World map and currency activities expanded students' knowledge of the world.
- **Confidence & Expression:** Storytelling encouraged imagination, confidence, and self-expression.

SWAYAM PROGRAM

- **Language & Communication:** Word games and essay writing helped students build their vocabulary, communication, and confidence.
- **Science:** Plant classification activities strengthened their understanding of scientific concepts.
- **Mathematics:** Regular practice improved problem-solving skills and confidence.
- **Digital Learning:** Excel and formula practice developed practical digital skills and logical thinking, supporting their academic and future needs.

PROGRAM HIGHLIGHTS

SAKSHAM PROGRAM

- **Financial & Digital Awareness:** SIES College students conducted **Community sessions**, reaching people and creating awareness about financial services, digital payments, consumer rights, and online safety.
- **Government Schemes:** Under Saksham, 200 participants were reached through awareness on Ayushman Bharat, while 50 participants gained awareness about E-Shram, helping community members understand healthcare and social security benefits.
- These sessions strengthened awareness, informed decision-making, and access to essential services within the community.

SEHAT PROGRAM

- **General Health Camp:** A health camp at Sparsha's Kokari Centre benefited **110 students**.
- **Health Awareness:** The check-up helped identify basic health needs and encouraged children to understand the importance of regular check-ups and healthy habits.
- Promoted early health awareness and better attention towards children's well-being.

TEACHER CAPACITY BUILDING SESSION

A volunteer-led teacher capacity building session equipped teachers with practical skills in Google Drive, Docs, Slides, Gmail, Canva, and AI tools. The hands-on session strengthened their digital confidence and ability to create engaging lesson plans, teaching materials, and presentations, supporting more effective classroom learning.

From Responsibility to Possibility: Imran's Journey

Imran

"Sparsha helped me believe that my circumstances do not have to decide my future."
– Imran Baig, 18

I am Imran Baig, and I have been associated with Sparsha since 2017 through the Sanskar Program, for the past 9 years. Growing up in Sion Koliwada, my family faced many financial challenges. My father is a tailor, my mother worked as a domestic worker, and I have three younger brothers, one of whom has a disability.

As the eldest, I understood responsibility from a very young age. At 14, I started working to support my family. But I did not want to give up on my education or my dreams. I continued coming to Sparsha because I knew I wanted to build a different future.

After my 10th, Sparsha took me on an exposure visit to Don Bosco Technology Institute. It was there that I discovered my interest in motor vehicles and learned about ITI. That exposure opened a door I did not know existed.

Today, I am pursuing ITI in Mechanic Motor Vehicle (MMV) at Don Bosco after completing a one-year CCMT course. I am also learning German because I dream of working in Europe and creating a better future for my family.

Sparsha did more than support my education. It helped me discover what I could become. It gave me exposure, encouragement, and the confidence to look beyond my circumstances and unfold my potential.

One day, when I am successful, I want to support children like me—children who have dreams but need someone to believe in them and show them a path.

Thank you, Sparsha, for giving wings to my dreams.

TMM 2027 / Run With Sparsha

This year, 22 Sparsha students are getting ready to run for a better future at the Tata Mumbai Marathon 2027. **We are also happy to have AllTime Plastics joining us on this journey.**

Want to be part of the movement?

Individuals, corporates and teams can join Sparsha and turn their run into an opportunity to create impact.

Run with us. Make every step count.
Every Step. Every Child. A Better Future.
